October 20, 1932

Mr. J. F. Findlay
Dean of Men
Faculty Exchange

My dear Dean Findlay:

I am writing you in support of the petition from a group of students to organize a radio drama club to be known as "The Phantom Mask".

I am thoroughly convinced of the value of this organization. Most of the students petitioning are directly interested in radio drama, and all of them plan to make use of their experience gained here in their later lives. I believe that they have an opportunity to do a fine piece of work in developing an interest in worthwhile drama on the air, especially as they intend to expand the organization to a national scope.

They have a serious purpose in mind and I believe that your committee would do well to authorize the organization of the Phantom Mask. I shall appreciate any consideration you may give them.

Sincerely yours,

H. R. Heck, Director
WHAD Players
